Learning Experience Design | Enterprise Learning Strategy | AI Innovation

Learning strategist with 15+ years turning complex technology into learning people actually use, across enterprise software, federal training, and higher education. Build the models teams adopt, from a three-part launch package that became Appian's enablement standard to the content and SEO playbook that grew a developer YouTube channel 300% and 200% in back-to-back years. Led training for Appian's flagship platform capabilities, launched the team's first go-to-market promotion for learning content, and proposed and wrote the first full marketing campaign for DevCon, Appian's developer conference.

Key Skills

Enterprise Learning Strategy | AI-Enabled Learning & Emerging Technology | Instructional Design & Adult Learning | Go-to-Market (GTM) Learning Strategy | Content SEO & Audience Growth | Curriculum Development at Scale | Federal & Infrastructure Training | Cross-Functional Leadership & Stakeholder Management | Learning Analytics & Program Evaluation

Platforms & Tools

Appian Certified Associate Developer | Claude | ChatGPT | Amazon Kiro | Skilljar & Absorb | Gainsight | Confluence | Articulate | Adobe Creative Cloud | YouTube Studio & Analytics | Google Analytics | Clueso

Professional Experience

Appian Corporation, McLean, VA

2019 - Present

Enterprise software company with ~2K employees providing an AI-powered low-code platform that automates and orchestrates complex business processes for large organizations.

Senior Instructional Systems Designer II | 2022 - Present

Senior Instructional Designer | 2019 - 2021

Led learning strategy and development for technical and business audiences, partnering with Product, Engineering, Marketing, Customer Success, and Solution Consulting. Led cross-functional project teams, coordinating SMEs, reviewers, and production partners from concept through delivery.

- **Flagship Product Training.** Served as training lead for two of Appian's flagship platform capabilities, Data Fabric and Total Experience, designing enterprise-scale curricula used by developers, customers, and partners worldwide.
- **AI Enablement.** Launched Appian's first AI learning portfolio, including an AI video playlist curated with Customer Success from real customer questions and introductory AI courses for Partner Sales accreditation; introduced Amazon Kiro to streamline GTM and YouTube workflows.
- **Team Learning Blueprints.** Created the team's blueprints for launch enablement, Appian badges, and Gainsight in-product engagements, including a three-part launch package (feature video, in-product guide, and course) that replaced course updates and became the team's standard for all major launches.
- **YouTube Developer Channel Growth.** Developed the content formula for the Appian Community YouTube channel and proved it with its highest-performing videos, then created an SEO optimization SOP and trained the full team on scriptwriting and SEO, growing views and watch time 300% in 2023 and 200% in 2024.
- **Go-to-Market for Education.** Launched the team's first external promotion for learning content through Sprout Social employee advocacy and developer LinkedIn groups. Proposed and wrote DevCon 2026's first full marketing campaign.
- **Internal Technical Onboarding.** Designed and launched a Process Intelligence workshop program that scaled from pilot to onboarding 100+ Customer Success and Solution Consulting employees ahead of a major product release.
- **Global University Partnership.** Supported Appian's global executives with proposal development for a software-engineering pilot at SSN University in Chennai, India, then drew on higher-ed teaching expertise to write a curriculum built for university delivery.
- **Awards & Recognition.** Received Appian's Impact Award (2022) for the Gainsight implementation and multiple unit-level awards; initiated the team's first external nominations, winning three national Society of Technical Communication (STC) awards (Best of Show, Distinguished, Merit) for six team members.

Exostar LLC, Herndon, VA

2018 - 2019

Provider of secure identity and access management solutions for aerospace, defense, and other highly regulated industries.

Training Analyst

Owned customer enablement for an enterprise Identity and Access Management platform, partnering with subject-matter experts, support, and product teams.

- **Support Call Reduction.** Created the blueprint for redesigning the customer-facing FAQ resources and led the team through the redesign, contributing to a 40% reduction in support calls.
- **Customer Enablement Suite.** Built training guides, webinars, microlearning videos, call-center scripts, and product documentation that helped customers and support staff use the platform.
- **Learning Analytics & Measurement.** Analyzed Google Analytics data and training effectiveness to improve how customers found and used learning content, and recommended ways to better track the team's training impact.
- **Video Production Standards.** Created the team's SOPs for microlearning video production and trained colleagues on video development best practices.

National Highway Institute (NHI), Arlington, VA

2018

Training arm of the U.S. Federal Highway Administration (FHWA), Department of Transportation.

Instructional Systems Designer (Contractor)

- **Federal Course Development.** Wrote and revised web-based and instructor-led courses for transportation and infrastructure professionals, turning technical engineering content into clear, practical learning. Recognized for the fastest subject-matter onboarding among NHI's contract instructional designers.
- **Learner-Informed Updates.** Observed live course deliveries in the field and provided Tier 2 support for web-based course learners, using what learners struggled with to identify needed course updates.
- **Course Pilots & Reviews.** Organized and facilitated progress reviews, technical walkthroughs, and pilot sessions with SMEs and stakeholders to improve course quality before launch.
- **Accessibility Compliance.** Reviewed web-based courses for Section 508 compliance.

Washington Language Center (WLC), Arlington, VA

2017 - 2018

Language training provider supporting a Defense Language Institute (DLI) contract.

Training Supervisor

- **Instructional Team Leadership.** Supervised and trained teaching staff delivering 12+ concurrent classes in a government and military training environment, serving as the main point of contact for training issues between instructors and students.
- **Curriculum & Program Design.** Wrote the syllabi for all courses and selected teaching resources, and developed proposal materials including course schedules, instructional plans, and cultural immersion plans.
- **Instructor Development.** Assessed ongoing training needs and designed and delivered professional development workshops, drawing on research and input from training experts nationwide.

University of Michigan, Ann Arbor, MI

2006 - 2014

Researcher, Instructor & Teaching Consultant

- **Course Design & Teaching.** Designed and taught Russian language, literature, college writing, and Classics honors courses, and delivered invited guest lectures at the University of Chicago and UCLA.
- **Faculty & Instructor Development.** Selected as a CRLT teaching consultant; ran training needs analyses, led university-wide workshops, conducted teaching consultations, and designed cultural training for international instructors.
- **Outstanding Graduate Student Instructor Award (2012).** One of 20 graduate instructors selected annually across all of U-M's graduate programs, among the largest in the nation; nominated by faculty and former students for innovative, technology-enhanced teaching and service.
- **Institute for the Humanities Fellowship (2009–10).** One of six graduate students selected university-wide for a year-long interdisciplinary fellowship alongside nationally recognized scholars; presented at 12 national conferences.

Education

Doctor of Philosophy (Ph.D.) – Slavic Languages and Literatures | University of Michigan, Ann Arbor, MI

Master of Arts (M.A.) – English | University of Idaho, Moscow, ID

Bachelor of Arts (B.A.) – Foreign Language Education | Herzen University, Saint Petersburg, Russia
